

The Great Park Pursuit

Silent Hike Sound Scavenger Hunt

Its one thing to see things in nature, but have you ever listened for things in nature. Next time you head out on your Great Park Pursuit adventures, try hiking in silence. A silent hike is a great way to explore nature using your other senses. As you hike, listen carefully for all the different sounds of nature. When you find one on the Scavenger Hunt below, cross it off.

bird chirping

the wind

grass blowing

airplane flying

animal walking

water flowing

twig breaking

owl hooting

people talking

insect buzzing

leaves rustling

car driving

Other sounds we heard: _____
